

Instruction Manual / Label Information

The device under test is manufactured by the grantee, FortrezZ, LLC, and will be sold in an array of products in the US and Canada that they will manufacture.

Per 47 CFR 2.909, 2.927, 2.931, 2.1033, 15.15(b) etc..., the grantee must ensure the end-user has all applicable / appropriate operating instructions. When end-user instructions are required (as in the case of this product) the grantee must include the proper information when supplying the end product to the end-user.

The following information will be included in the end product user's manual to ensure continued FCC and Industry Canada regulatory compliance.

This device complies with Part 15 of the FCC Rules and with RSS-210 of Industry Canada. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

WARNING: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. The term "IC:" before the radio certification number only signifies that Industry Canada technical specifications were met.
